

"Heather Christo is a fantastic chef...but most of all, she has a beautiful soul, which has clearly been poured into every page, every word, every photo of her gorgeous book. Reading it makes me want to cook every recipe, attend every party...and, well, I'd pretty much like to live with her! I love every morsel of this book." —REE DRUMMOND, #1 NEW YORK TIMES BESTSELLING AUTHOR OF THE PIONEER WOMAN COOKS

"This book is a genuine representation of the fabulousness that is Heather Christo. Not only does she provide elegant yet simple dishes and stunning photography, she welcomes you into her kitchen and makes you feel right at home. I am blown away at the beauty and creativity—it makes me want to crawl inside each page!" —JESSICA MERCHANT, HOW SWEET IT IS

Heather Christo relates to the challenges facing everyone who juggles marriage, family, careers and budgets, but who still wishes to host beautiful, unique get-togethers for the people they love. This is where her experience as a working mom of young children and a Cordon-Bleu-trained chef come together. She spent a year chronicling the special occasions that fill up the family year and compiled an essential guide to making each one easy, elegant and incredibly memorable.

**HEATHER CHRISTO'S GENEROUS TABLE** is a kind of "how-to kit" for people who want to be able to throw any type of party in their own home. The four chapters correspond to the seasons and each features five menus for a variety of fêtes from the most casual (Game Night, Backyard BBQ) to the most elaborate (Greek Easter Feast, New Year's Eve Cocktail Party), along with special events like showers, anniversaries, and birthdays. All the 105 recipes, from Cheddar and Chive Scones with Red-onion Jam to Grilled Wild King Salmon with Apricot-mustard Glaze and Stone Fruits, emphasize fresh, seasonal ingredients and each menu also includes Stylish Sidebars that contain entertaining tips like "How to Set Up a Tasting Bar," "Glittery Decorations for a Spooky Halloween Supper," and "How to Prepare a Brunch Ahead of Time."

In this inspiring cookbook, Heather creates luscious menus that work in real life and shows you how to lay a table like nobody's business, transforming a simple family meal into *joie de vivre* at first sight.

Heather Christo is a professionally-trained chef and entertaining expert.
